#6121.5 Promo 2025 (2024.10.11P)

The Art of Resin:
Creating Beauty by Recreating Nature

Rhodri Thomas, BDS

February 19-20, 2025 & November 6-7, 2025

16 Credits / $3,995

Elevate your composite skills to recreate nature. Learn to create better, natural-looking composite restorations of all types that will last for years.
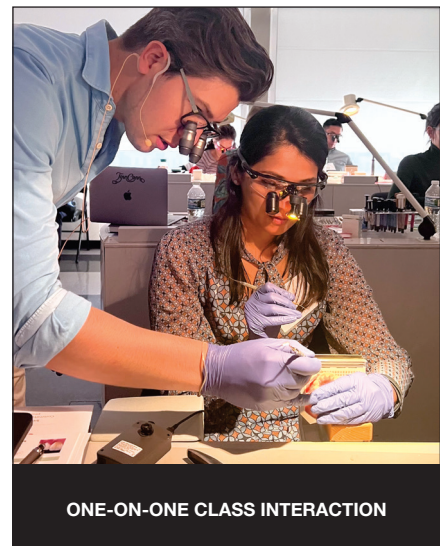

Learning Objectives

Dr. Thomas will demonstrate step-by-step simple and complex Class IVs, how to create direct resin veneers with different effects, and the easy process for mastering finishing and polishing. ALL of his secrets and tips will be revealed so you can confidently take every skill back into your practice and to your patients. You can practice all the exercises live with Dr. Thomas and gain invaluable feedback as you work.

"This course was a great balance of lecture, questions and hands on. I'm excited to go practice more!"

— *Class Participant*

"Rhodri's course was eye opening. He is an amazing presenter and shows how simple procedures are forever changed with amazing techniques! Would highly recommend this course!"

— *Michael C Sivik, DMD*
